THE UNIVERSITY OF CHICAGO
DEPARTMENT OF CHEMISTRY
LABORATORY OF ORGANIC CHEMISTRY
CHICAGO, ILLINOIS

1955

RECEIVED
MAY 10 1955

TO THE DIRECTOR OF THE UNIVERSITY OF CHICAGO
FROM THE DIRECTOR OF THE LABORATORY OF ORGANIC CHEMISTRY

Enclosed for the Director of the University of Chicago are two copies of a report on the work done in the Laboratory of Organic Chemistry during the year 1954. The report is divided into two parts, the first dealing with the work of the Laboratory as a whole and the second dealing with the work of the individual members of the Laboratory. The report is written in a concise and factual manner and is intended to provide a summary of the work done during the year.

The work of the Laboratory during the year 1954 has been characterized by a number of important discoveries and by the completion of a number of major projects. The work has been carried out in a most efficient and economical manner and has resulted in a number of publications and in the discovery of a number of new compounds.
